Top recommendations of preaching/teaching from Art Katz to Zac Poonen. Fav. Sermon: "Soldiers" by BH - posted by I

In short, what are your top recommendations for revival-type preaching/teaching? Thank God for sermonindex.net by which I have downloaded a large, if somewhat eclectic, collection of audio files (including Art Katz, B.H. Clendennen, Charles E. Fuller, Chuck Smith, David Pawson, Finney, Geo. Muller, J. Edwin Orr, Jerry Falwell, Jonathan Edwards, Lester Roloff, M. R. Dehaan, Oliver B Greene, Ravenhill, Songtime, Walter Martin, Aac Poonen, etc., plus all the books of the bible) thank God, which play (randomly on Jet Audio) 24/7 on a old laptop, broadcasting via a cheap FM transmitter to all the house and yard.

Yet often we hearing repeats and so I have a request for different speakers, and thus I am asking for recommendations of like preaching and teaching. Such as Ravenhill would recommend.

If you want to know about the software and hardware I use just ask.

There are many excellent sermons here from T.A Sparks and DeVern Fromke that are highly recommended.
