Please pray for this young boy and young man....., on: 2005/9/4 16:28

This morning after church after i left a young boy of 10 came speeding out onto the main road on his bike without looking and was knocked down by a 19 year old lad in his car....i must stress he was not speeding.

Anyway the young boy's still critical in hospital and needs our prayers but i would also appreciate your prayers for the driver of the car. Witnesses are saying he was speeding yet those who witnessed it from church were adamant that he was not. Needless to say he was very distressed about the whole thing.

I will keep you updated about the young boy's condition.

Thank you, Geraldine

Dear Geraldine,

Thank you for bringing this to our attention. I shall pray for both of these and for fair judgement if it goes to Court.
