Fresh bread (a prayer) -martin - posted by sermonindex (), on: 2005/10/21 11:16

O for a heart in perfect Peace
Compassion filled and care released
When facing fear by faith assured
To follow Him whose joy endured

O for a heart fully at rest
Secure in Him who know what's best
To turn into the raging storm
Embracing trials where faith is born

O for a heart content and still
By trust in Him whose perfect will
The instrument of pain will use
To crush His' sons - by men's hands bruise

O for a heart when that will receive
Whatever helps men to believe
Be it painful trial or bruising rod
So long as men are brought to God
