A low standard of prayer means a low standard of character and a low standard of service. Those alone labor effectively among men who impetuously fling themselves upward towards God.

We are all unclothed in the prayer closet. Mybe this is why we are so uncomfortable there. Do we shrink from the eyes t hat are a flame of fire because we know He cannot be decieved? He cannot be influnced by anything except pure motiv e? He cannot be persuaded to give us our priorities just for the asking? Our poverty in prayer is the seedbed of all our fai lure.
