Hello...

I listened to this four-part series of messages by Leonard Ravenhill recently. *Purity and Fire* is a powerful message that causes us to examine our motives. Be challenged -- and edified!

Purity and Fire part 1

Purity and Fire part 2

Purity and Fire part 3

Purity and Fire part 4

Amen Brother this is a great series, I might have to try and listen to it again also! There are so many great sermons by br other Ravenhill on this site, there is such a message of challenge to our modern way of evangelical thinking. I thank God for allowing these old gems to be brought back into the open, Oh how we need them.
