I never finished reading the book, but what I did was pretty much junk with some good stuff in between. Graham Cooke is a false prophet, stay away.

Jimmy boy

You are the false prophet. It would be wise to list a few things you believe are falsly prophesied.....

I would be careful in labeling someone as a false prophet without substance reason to. He might not be perfect but He is a child of God, unless he is causing the body of Christ to fall away from head which is Christ.

Hi amazzin welcome to the site, please refrain from making rash character judgements on people that use this site, even though Jimmy (PreachingToCannibals) might have said something somewhat out of line, that still doesn't mean you have to drop down and do the same thing. I say this out of love and respect.

Maybe I just might, but I have been quite busy lately, and with school starting this Tuesday, that might not be an option.

Nice to see you here Isaia, funny how we always meet like this.
