Finney's autobiography is more appropriately entitled, "The Memoirs of Charles Finney," and it talks about the revivals he was in and defends some of the things that happened in them from something that had been spread abroad negatively about them by some biographies of two dead men, Mr. Nettleton and Dr. Beecher. The book is riveting, Spirit-filled and deeply impacting. If you can find one edited by Richard Dupuis it is filled with scholarly commentary and endorsed on the back by no less than Billy Graham.

At gospeltruth.com you can find some biographies and others pieces of work he put together. I first heard about Lectures on Revival in Spiritual Leadership by J. Oswald Sanders, who wrote, "as I read the biographies of eminent men I am impressed by one book that leads men to a crises in their ministry and then to a revolution. That book is Lectures on Revival by Charles Finney."

I could go on to brag on the book, but I will say this, Keith Green said he was "born again, again."

Praise God He spoke through Finney and used the meager efforts of a man who knew no short hand to spread this message.

I am a real Finney fan

"Break up your fallow ground: for it is time to seek the Lord until he comes to reign righteousness on you."
