Hi there

For anyone who's been blessed by Bro. Clendennen's messages, he conducts an intensive usually four week bible school: The School of Christ. Details on the web site [www.socintl.org](http://www.socintl.org) It is usually conducted in the USA there is however an European base in Limerick, Ireland which conducts the School via DVD with no less affect. The school of Christ four week course is run there 4 times a year with the next one due to begin 6th Feb 2006.

I have had the priviledge of doing the school and can only testify of a renewed vision and hunger for Christ at the end of the four weeks.

Each day begins and ends with an hour of prayer with the lessons in between. There are over 150 lessons in total, the subjects covered include: Revival, The Person of Jesus, The Almighty Blood, Prayer, Discipleship to name a few.

I would truly encourage anyone to take this opportunity to sit under this ministry while Bro. Clendennen is with us (he's in his mid 80's but has recently returned from Pakistan where he taught a four week school) This man lives every bit of the message he preaches.

I knew a couple of men here in the US that knew Mr. Clendennen and I can say that he was highly respected. I would second this recommendation.

On the School of Christ website, it says that Brother Clendenon went to be with the Lord in 2009. He preached with the fire of the Holy Spirit.
