Its NOT cancer!!! Glory to God!!! PRAY - posted by brentw (), on: 2006/1/6 11:40

Thank you all for your prayers! My mom doesnt have cancer!! God is faithful!!!! "Where 2 or 3 agree..."!! I give ALL glory JESUS!! This is the email that my mom just sent me:

Brent....I have pneumonia!!!!!!!!!!!! Thank God!!!! She just called about 10 minutes ago. I have to go back in 2 weeks for a nother chest x-ray. She said the report indicated full pneumonia, but she is not going to rule out a tumor. But the report said that there was no lymph nodes around my heart which are prevalent if you have lung cancer. Oh My God Brent....I feel reborn!!! Thank you for all the prayers. I really felt them yesterday & this morning. I really mean that too. Is that possible? I can't tell you how I feel. My life will be so different and so much better now.

I'll talk to you later. I'm so excited its hard to write.

Thanks for everything.

Love you,

Mom
