Hey Greg

I write the news letter for my church ,and I would like to start putting some of the text sermons in. Should I know anything concerning the copy rights?

Thank you Aaron

Hi Brother,

Yes feel free to use the materials for use that does not make re-sale of the materials. All materials on the site as far as my knowledge can be used for free distribution.

What about the music on Revival Hymn? Is the sound track music used with permission? :-o
If that's already been addressed and I missed it just direct me to the link. :-)

It was mentioned (https://www.sermonindex.net/modules/newbb/viewtopic.php?topic_id1331&forum35) Here. I think this is as far as it has been adressed.

Virtually every sermon on the site is used by permission and most of them are open source to be shared freely with others. As for the music in the background of the revival hymn is not used with permission but the recording is for personal use and not commercial distribution or anywhere in that area.
