

SermonIndex Support :: Where's the Podcast

Where's the Podcast - posted by Randilover, on: 2006/1/26 12:20

I subscribed to the Podcast, but there's nothing coming in. Want to make sure that it is nothing on my end. Are the casts working?

Hi,

Great question. As of right now there is not official podcast, the main banner just clicks through to the featured sermon on the site. I am in the works of getting some official sermonindex podcasts going. Thanks for the patience.
